Analysis Period:

HEALTHCARE SALES MASTERY MODEL TRACKING

Track each account through the 4 stages of the sales process:

Stage	Definition	# Accounts	Target
1. Discovery	Learning about needs/operations of account		
2. Connecting	Learning individual needs of contact		
3. Guiding	Aligning needs to features/benefits		
4. Commitment	Closing, asking for the business		

FACILITY INVENTORY BY TYPE

Facility Type	Count	Priority A	Priority B	Priority C
Acute Care Hospitals				
Skilled Nursing Facilities				
Assisted Living				
Home Health Agencies				
Physician Practices				

WEEKLY ACTIVITY TARGETS

- Discovery calls/visits: per week
- Connecting meetings scheduled: per week
- Guiding presentations delivered: per week
- Commitment asks made: per week

[TIP] TRACKING SUCCESS

Review your stage progression weekly. If accounts are stalling in one stage, focus your training and preparation on advancing through that specific stage.
