Case Studies: Real Results & ROI

Documented Transformation Outcomes

CASE STUDY 1: SNF TRANSFORMATION

120-Bed Regional SNF | 6-Month Engagement | Year-Over-Year Results

BASELINE PROBLEM:

- Monthly referrals: 2-3 (far below 10-15 industry standard)
- No formal identification process
- CMS audits flagging unnecessary therapy
- Family resistance to hospice

RESULTS (6 Months)

- ' Referrals: 8-10/month (300% increase)
- ' Time to admission: 14 days (vs 28)
- ' CMS audit findings: Down 85%
- ' Revenue: +\$45K/month

CASE STUDY 2: HOSPITAL DISCHARGE OPTIMIZATION

280-Bed Urban Hospital | 3-Month Pilot | Direct Metrics Improvement

CHALLENGE:

- Referrals dropped to 6-8/month (vs 14 two years prior)
- 72-hr window missed 60% of time
- CMS readmissions up 2.1% YoY
- Risk: \$5,000+ penalties per readmission

RESULTS (90 Days)

- ' Referrals: 14-16/month (100% increase)
- ' On-time: 84% within 48-hour window
- ' LOS reduction: 0.8 days shorter
- ' Readmissions: Down 2.3%
- ' Annual savings: \$180K+ penalties avoided
