

Sales Territory Analysis

Strategic Planning Through the Healthcare Sales Mastery Model

TERRITORY INFORMATION

Territory Name: _____

Territory Manager: _____

Analysis Period: _____

Total Addressable Accounts: _____

SALES MASTERY MODEL PIPELINE TRACKING

Track each account through the 4 stages of the healthcare sales process:

Stage	Definition	Count	Target
1. Discovery	Learning needs and operations		
2. Connecting	Learning individual needs		
3. Guiding	Aligning needs to benefits		
4. Commitment	Asking for the business		

FACILITY INVENTORY

Facility Type	Total	Priority A	Priority B	Priority C
Acute Care Hospitals				
Skilled Nursing Facilities				
Assisted Living				
Home Health Agencies				
Physician Practices				

WEEKLY ACTIVITY TARGETS

Discovery calls/visits per week: _____

Connecting meetings scheduled per week: _____

Guiding presentations delivered per week: _____

Commitment asks made per week: _____

TRACKING SUCCESS

Review your stage progression weekly. If accounts are stalling in one stage, focus your training and preparation on advancing through that specific stage.
