

SPARTAN COACHING

HOSPICE SALES EXCELLENCE

Medicare/Medicaid Hospice Regulations Quick Reference

MEDICARE HOSPICE ELIGIBILITY

Patient must meet ALL requirements:

- ' Enrolled in Medicare Part A
- ' Physician certifies terminal illness
- ' Prognosis: 6 months or less if disease runs normal course
- ' Patient/representative signs election form (CMS-1525)

Commonly Eligible Diagnoses:

Terminal Cancer • Advanced COPD • Heart Failure (NYHA IV) • Renal Disease • Liver Disease
ALS • Dementia/Alzheimer's (specific criteria) • Stroke with severe neurological decline

4-STEP REFERRAL & ADMISSION PROCESS

- | | |
|-----------------------|--|
| 1. | Identify eligible patient during care planning meetings |
| IDENTIFICATION | |
| 2. PHYSICIAN | Physician formally certifies terminal diagnosis and prognosis |
| CERTIFICATION | |
| 3. PATIENT | Patient or authorized representative signs Medicare Hospice Election |
| CONSENT | |
| 4. ADMISSION | Formal enrollment; initial assessment and plan of care developed |

OVERCOMING BARRIERS

Patient Hesitant: Frame hospice as complementary support & quality of life enhancement
Physician Concerns: Share criteria; emphasize symptom management and comfort focus
Family Doubts: Explain trial period; emphasize support for patient & family

KEY COMPLIANCE POINTS

- & No incentives for referrals (Stark Law, Anti-Kickback Statute)
- & Physician must evaluate & certify before enrollment
- & Proper documentation in patient medical record
- & Genuine patient consent (no pressure or coercion)
