

# SPARTAN COACHING

HOSPICE SALES EXCELLENCE

## Pre-Call Research & Preparation Checklist

---

### PRE-CALL RESEARCH (1 Week Before)

- & Facility name, location, website, and main phone verified
- & Current census, licensed beds, and unit breakdown documented
- & Mission statement, quality scores (CMS ratings if applicable), recent performance data
- & Current hospice partners identified (ask staff or check discharge data)
- & Decision-maker identified: Name, title, email, direct phone, LinkedIn profile
- & Secondary contacts: Admissions, Care Manager, Social Worker, Physician
- & Facility history: Recent news, changes in leadership, new programs
- & Insurance partners and payer mix understood

### SPARTAN STRATEGIC PREPARATION (3 Days Before)

- & Talking points prepared: 2-3 specific value props for THEIR facility type
- & Competitive landscape mapped: Who else do they work with? What's our difference?
- & Case studies selected: 2-3 most relevant to their facility type
- & Objection response card created (what will you say if they say "no"?)
- & Discovery questions customized to their specific situation
- & Their referral process researched (ask: do they have formal process?)
- & Physician alignment assessed (is medical director supportive of hospice?)
- & Patient demographics analyzed (what conditions dominate?)

### MATERIALS & LOGISTICS (Day Before)

- & Spartan Coaching overview printed and marked with key talking points
- & 2-3 most relevant case studies selected and highlighted
- & Contact cards prepared with YOUR phone, email, and follow-up timeline
- & Facility-specific one-pager created (showing how we help facilities like theirs)
- & CRM notes updated with: facility profile, decision-maker, strategy
- & Backup phone and contact info for rescheduling
- & Calendar block created: 1 hour meeting + 30 min debrief time
- & Travel time, parking, and arrival time (plan 15 min early) confirmed

### CALL OBJECTIVES & SUCCESS METRICS

By the end of this call, you MUST understand:

- ' Their current referral process (formal vs ad-hoc)
- ' Decision-maker's #1 pain point regarding referrals
- ' How many eligible patients they estimate they have
- ' Current hospice partners and satisfaction level
- ' Physician's openness to hospice referrals
- ' Timeline: When to follow up (next week, month, quarter?)
- ' Next step: Meeting, call, email, materials?

### POST-CALL FOLLOW-UP (Within 24 Hours)

- & Detailed notes entered in CRM (key quotes, pain points, next steps)
- & Promised materials sent (case study, facility-specific proposal, etc.)
- & Follow-up date/time scheduled and confirmed
- & Decision-maker asked: Who else should we involve in next conversation?
- & Call debriefed with manager: What went well? What to improve?
- & Timeline for next contact set in calendar (show no-show discipline)
