

SPARTAN COACHING

HOSPICE SALES EXCELLENCE

Physician Relationship Building

Engaging medical directors and clinical leadership

WHY PHYSICIANS HESITATE

- **Fear of "Giving Up"**

Trained to fight disease

- **Liability Concerns**

Worried about legal implications

- **Time Burden**

Certification + family conversations = hours

- **Referral Loyalty**

Existing relationships they're loyal to

- **Knowledge Gaps**

Don't know specific eligibility criteria

THE ENGAGEMENT FRAMEWORK

1. EDUCATE: Provide CME-eligible hospice training
2. CREDIBILITY: Share clinical guidelines and protocols
3. SUPPORT: Streamline their certification process
4. PARTNERSHIP: Position as collaborators in outcomes
5. REFINEMENT: Ask for feedback and improvement

PHYSICIAN OBJECTIONS & RESPONSES

"We refer to [competitor]. We've got it handled."

Response: "I respect that. Many physicians manage multiple partners for better coverage. We're complementary—we streamline your certification process. Interested in showing you how?"

"I don't have time for more referrals."

Response: "That's why we exist. We handle identification and paperwork so it's just a clinical certification for you—two-page form."

CME/LUNCH & LEARN PROPOSAL

"We'd love to support your physicians with a CME-eligible session on hospice eligibility criteria and certification best practices. 30 minutes, lunch provided, physicians get CME credit. Interested in scheduling next quarter?"
